# A Welcome Thought
Folding instructions.
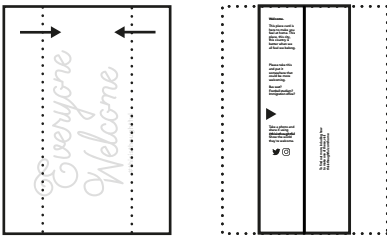

1.

Place the paper printed side down.

Fold it in half so that 'Everyone Welcome' is facing you as shown.

2.

Fold the long edges toward the middle, along the border of the dotted pattern on the opposite side. It's ok that they don't meet right in the middle.

'Welcome' should be on the top left, 'To find out more…' on the bottom right.
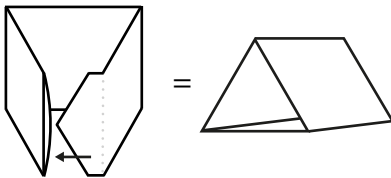

3.

a. b. c.

Fold in half along the horizontal axis, then unfold. (**fig. a**)

Fold the top and bottom edges to meet in the middle, then unfold again. (**fig. b**)

Fold the bottom corners inward to the middle to make a point. Leave them folded. (**fig. c**)

4.

Create a three-sided place card by tucking the pointed end in the pocket created at the other end.

5.

Fill in the blank with whoever you want to feel welcome. Put it out into the world. Spread the word.

Show the world
they're welcome.

Bus seat?
Football stadium?
Immigration office?

Please take this
and put it
somewhere that
could be more
welcoming.

Welcome.

This place card is
here to make you
feel at home. This
place, this city,
this country is
better when we
all feel we belong.
